

Hi, I'm Ryan Albertsun

jobs@ryan.ws – portfolio @ helixdesign.us – 248-924-9449

I have been:

A Designer for 10 years, a Consultant for 10 years, a Conference Speaker for 5 years, a Conference Organizer for 2 years, an Agile Expert for 5 years, a Developer for 6 years, and President of a non-profit for 3 years.

As an **Agile Coach** I'm leading a transformation, uplifting team members, refining ceremonies, and configuring a Jira, so we can be leaner and deliver value faster.

As a **Team Member** I'm working with my team to solve problems.

As a **Team Lead** I shield my team and clear blockers so they can focus on delivering value.

As a **Conference Speaker** I'm using the challenge of the day to write a new talk so others can learn from our solution.

As a **UX Designer** I'm wireframing so we can build great experiences.

As a **Visual Designer** I'm creating comps with Photoshop, XD, or Sketch, so our developers can code with confidence.

As a **Strategist** I'm building a plan to integrate high level vision with low level tactics – in ways that are aligned with the team's values, and the business' vision.

As a **Designer** I'm creating Prototypes in Invision or XD so we can vet our assumptions with stakeholders; to ensure we're building the right thing.

As an **Architect** I ask hard questions so we can understand our problems and developer better solutions.

As an **Information Architect** I'm creating user flows on a whiteboard so we can solve the right problems.

As a **UX Researcher** I'm talking to our users to tie stories to value.

For the past 3 years I have been the President of MIGANG, a tech non-profit.

For the last 5 years I have been a professional conference speaker.

I've spoken at: Codemash, Agile & Beyond, Beer City Code, Self.CONF, Detroit Dev Day, Code Palousa, MIGANG, London .NET., Detroit Mobile .NET.

From 2018-2019 I was the Lead User Experience Architect at Ford Credit for GTB

Led the design of the Lincoln Financial & Ford Credit websites.

Worked with other Agile Experts & Coaches to facilitate an agile transformation.

In 2016 I was the Lead Designer at Motor where I:

Led the design of all customer facing applications.

Uplifted software teams by providing Agile training, improving process & refining ceremonies.

In 2015 I was the Lead Designer at Attendance on Demand where I:

Lead an Agile Transformation of the IT & Development departments, training teams in Agile ceremonies and created and owned the company Jira.

Since 2009 I have owned a Design and Agile consulting company, some of my clients

include: Pillar Technologies, Centigrade, Re:Group, The Creative Group, Use Tech Design, Lamborghini, The US Department of Veteran Affairs, The US Marine Corp, and a lot of other great companies.
